

Invisalign® for Teens and Adults

Straightening your smile has never been this easy, pain-free and convenient. With Invisalign, you can have a beautiful, healthy smile without metal wires or bulky brackets in your mouth.

Invisalign is virtually invisible. Unless you tell them, no one will know you're straightening your teeth. You can eat, brush or floss without removing the aligners. And should you want to remove them, you can easily take them out.

With Invisalign, you'll be smiling the best smile you've ever had. If you want to know if you're an ideal candidate for this type of orthodontic treatment, get an expert opinion from Dr. Matthew Milestone.

You owe it to yourself to experience the latest orthodontic technology and treatments. Give yourself the gift of beautiful, healthy smiles at Milestone Orthodontics. To schedule your visit, call 973.325.1777 (West Orange) and 201.845.8411 (Paramus) or use our online Request an Appointment form.
